

CATHOLICS FOR CHOICE

Associates Program

Catholics for Choice has a new program for prochoice Catholics, allies, friends and colleagues who want to get more involved and engaged on the issues that matter.

Catholics for Choice Associates are the first to know about news, information and publications from a prochoice Catholic perspective.

Resources, publications, teleconferences and networking on the issues of the day provide further insight into many of the ideas, debates and discussions in our publications and magazine *Conscience*.
